

NEXTPAINT®

**next
generation
painting**

a product designed by LABNEXT in **Italy**

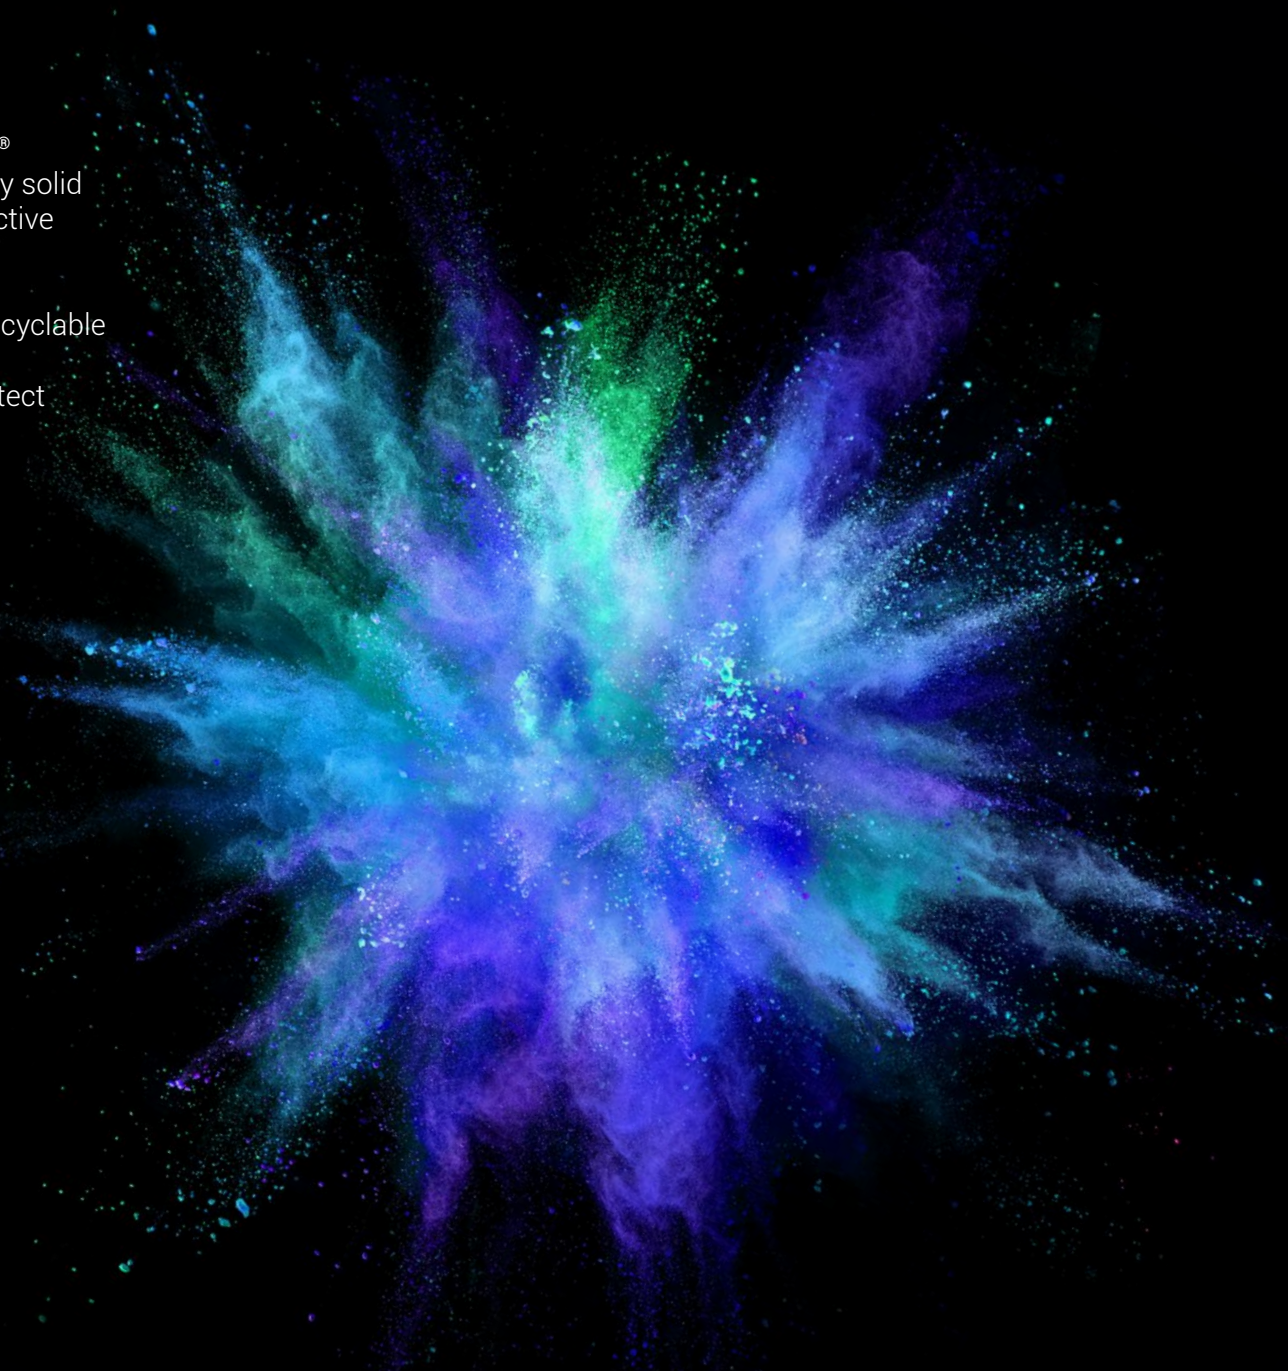

Powder paint

WHAT?

NEXTPAINT®
is the first wall paints line
based on dispersible polymer powder

NEXTPAINT®
is completely solid
and 100% active
product.

Packed in recyclable
paper bags,
helps to protect
our planet.

No WATER

NEXTPAINT® saves
40% by weight and volume

Comparison with
a **standard**
dispersion paint

Easy application + **PERFORMANCE**

NEXTPAINT®

provides best performances,
guarantees excellent hiding power,
ease of use and wet-scrub resistance

NEXTPAINT®
does not require
an expert level in
application technique.

Tools: brush, roller,
spray gun or airless

According to
ISO 6504-3
NEXTPAINT®
is classified on class 1
with a hiding power
of 7 m²/l spreading
rate.

Suitable for all types of
substrates, such as
plasters, concrete, old
paints, gypsum
and plasterboard.

Sustainable + **SAFE**

NEXTPAINT®
safeguards both the planet
and your home

**NO
LUMPS**

even
if mixed
by hand

**ON
DEMAND**

exactly
the quantity
you need

NEXTPAINT®
is formulated without
biocides, plasticizers
or film-forming agents.

With a very low volatile
organic compound
(VOC) content (<1 g/l)
conforms to major
ecolabels.

0%
BIOCIDES
PLASTICIZERS

**LOW
VOC**

**JUST
WATER**

40% less by **VOLUME & WEIGHT**

NEXT**PAINT**[®] contains only polymeric powder without the useless 40% water of a regular dispersion paint. Furthermore it provides a better use of space due to its form factor.

NEXT**PAINT**[®] is storage stable even under challenging conditions, does not freeze in the cold, nor does thicken when exposed to heat.

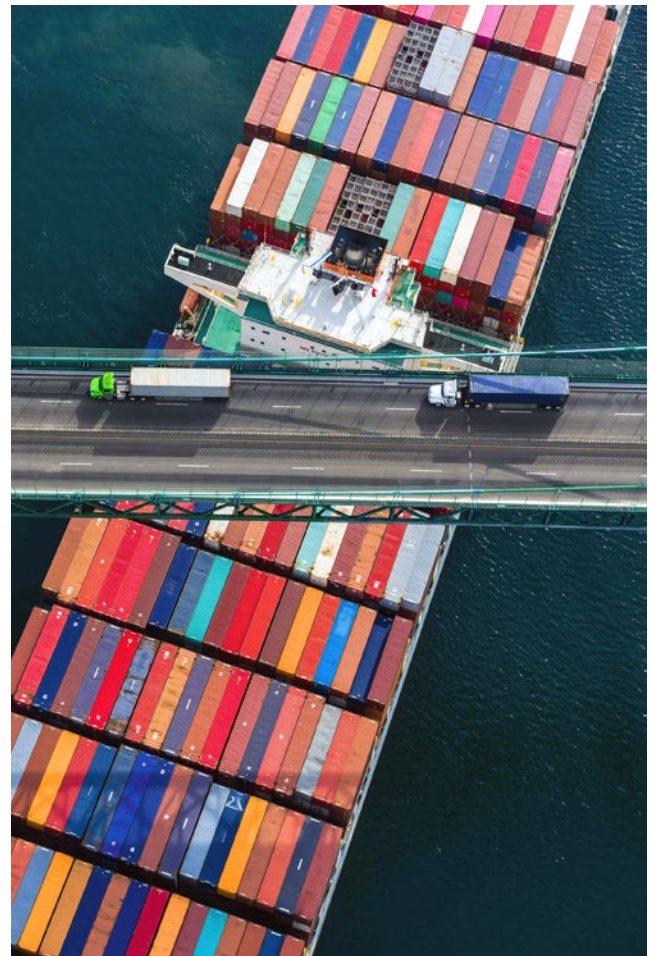

CO₂ 
-50%

NEXT**PAINT**[®] guarantees longer shelf life. It's also much safer in case of packaging damage or leakage during transport.

NEXT**PAINT**[®] does not require plastic bucket or steel handle, effectively contributing to the protection of our planet.

plastic 
FREE

NEXT**PAINT**[®] reduces significantly storage and shipping costs

Time is now **EARTH CAN'T WAIT**

NEXTPAINT® helps our PLANET.
And helps YOU to get
carbon neutral certification.
